

Type: CES-50SF

With single side flange and ring type locknut

Material:

Body: High tensile S.G. Iron, Enameled in flame red colour

Spindle and Locknut: Medium Carbon Steel, Heat treated and Blackened

Threads: Trapezoidal

A stopper is provided to avoid accidental disengagement of spindle during operation.

Ring type lock nut provided to fix up preset height.

Flange can be bolted to bed for additional rigidity.
